This book constitutes revised and selected papers from the first international conference on society 5.0 held virtually in June 2021. The 12 full papers and 3 short papers presented in this volume were thoroughly reviewed and selected from the 54 qualified submissions. The papers discuss topics on application of the fourth industrial revolution innovations e.g. Internet of Things, big data, artificial intelligence, and the sharing economy in healthcare, mobility, infrastructure, politics, government, economy, and industry.

This book provides a comprehensive state-of-the-art review of the interventional procedures that can be performed in intensive care settings. The book addresses fundamentals of the indications and technical aspects of procedures and identifies pitfalls and resource needs. In addition, a section is dedicated to a discussion of the staff preparation, hemodynamic and anesthetic concerns necessary for all procedures. Chapters focus on the following specific concerns: airway, thoracic, ent, vascular, abdominal, genitourinary, neurologic, and musculoskeletal. A brief review of the existing literature addressing these particular topics accompanies each section. Extensive illustrations and diagrams are also included to enhance the readers' experience. Authored by a multi-disciplinary team of experts in their fields, *Interventional Critical Care: A Manual for Advanced Care Practitioners* serves as a comprehensive resource for advanced care practitioners and physicians for performing and preparing for procedures in the ICU.

Size Matters tackles the challenges that designers face when organizing large amounts of information projects such as company reports, magazine and book design, exhibitions, catalogues, timetables and directories. All invoke particular design questions that must be resolved. This book will inspire designers to take on large projects with confidence. Chapters explore navigation and hierarchies, placement of images for overall rhythm of viewing, management of volume of material and systems for processing it, as well as the physical considerations of format whether this is the information architecture of the web, placement of exhibition stands or print limitations in book design. Using illustrated essays, real world examples, pull out interviews with leading design figures and extended
